

Warwick Football Club

This is the booster club for the Warwick Valley High School football program. It supports not only the varsity, but the junior varsity, freshman, and modified teams. In total we have over 150 student-athletes playing the game of football. The booster club's goal is to supplement the necessary funds to run a quality program that are not provided for by the district. The Warwick Football Club provides an opportunity for alumni, parents, students, friends and the entire Warwick community to support Warwick's football program.

The football players dedicate themselves to representing the Warwick community through their successes on and off the field. Every gift provides additional opportunities for these deserving young men to achieve their fullest potential in competition, in the classroom, in their future, and in the community.

On behalf of the Warwick Football Club, thank you for showing your support and investing in tomorrow's community leaders.

James Sciarra
Head Football Coach
